ADVANCED SOLUTIONS FOR EDUCATION REQUIRE THINKING DIFFERENTLY

Technology is changing the way school systems operate, how educators teach, and how students learn. Bright House Networks Enterprise Solutions helps you focus on educating tomorrow’s leaders, today. As the local leader of advanced communications and network services, Enterprise Solutions delivers Voice, Data, Cloud, and Managed Services to support educators’ demands in creating better learning environments, reduce costs, and improve security.

We serve hundreds of unique public school districts, private schools, colleges, and universities. Our solutions and support keep pace with increased bandwidth requirements and new technologies. We provide educators the reliable and secure connectivity necessary to leverage evolving technologies in order to build effective teaching around it.

At Enterprise Solutions, we’re committed to the future of education, to the long-term success of our schools, and to our community. We help create innovative and technologically advanced learning environments that foster student achievement and success.

WE VIEW OUR CLIENTS DIFFERENTLY.
WE DELIVER SOLUTIONS DIFFERENTLY.
WE BUILD CLIENT RELATIONSHIPS DIFFERENTLY.
WE’re FOCUSED DIFFERENTLY.
SIMPLY PUT – WE’re WİRED DIFFERENTLY.

TECHNOLOGY’S IMPACT ON THE CLASSROOM

TRANSFORMATIVE ROLE OF TECHNOLOGY
Evolving requirements mean schools must address how next generation teaching and learning technologies will be integrated into the classroom.

DEMANDS ON BANDWIDTH
Bandwidth demands will accelerate as the importance and usage of technology continues to grow.

FUTURE INNOVATIONS IN TEACHING
Educators must be prepared to integrate leading edge technology with current best practices for teaching and learning.

PREPARING FOR THE INTERNET OF EVERYTHING
Tight budgets and stretched resources make it difficult to leverage all the benefits technology brings to the classroom without a stable partner.

At Enterprise Solutions, we work with school administrators to create an innovative and technologically advanced learning environment. With our comprehensive portfolio of Voice, Data, Cloud, and Managed Services products, we’ll customize a solution specific to the needs and budget of your institution. We’ll provide the secure, reliable connectivity students and teachers need, and the network and IT maintenance and support that allows administrators to allocate their time and resources to supporting students.
ADVANCED SOLUTIONS FOR EDUCATION REQUIRE THINKING DIFFERENTLY

One NETWORK
Our services are delivered over our own high-performance, leading-edge, all-fiber network built for superior speed, scalability, security, and reliability.

One CUSTOMIZED, COST-EFFECTIVE SOLUTION
We design and deliver a technologically advanced, scalable, and highly customized solution that enhances learning and the academic environment.

One DEDICATED, LOCAL TEAM
Our leading-edge, customized solutions are developed, designed, and supported by a local technology, account, and executive management team with proven experience in the education sector.

One SHARED VISION
We develop and deliver cost-effective technology solutions that can support technology in the classroom for improved student outcomes, increased efficiency, enhanced security, and expanded collaboration between campuses.

WE ARE A QUALIFIED E-RATE SERVICE PROVIDER
Our education solutions are designed to help you maximize available E-Rate funding.
